

MADISON PRECISION PRODUCTS, INC.
MADISON, INDIANA

Madison Precision Products, Inc., of Madison, Indiana, part of the METTS Corporation, manufactures parts for the automotive industry, such as precision aluminum die cast parts, and machined parts. The facility is also a member of the Waste Wise program and is ISO14001 certified.

ENVIRONMENTAL PERFORMANCE

Past Accomplishments

Madison Precision Products, Inc. has demonstrated its commitment to environmental performance through reduced total water use, and reduced total solid waste. Since 1999, the facility has:

- **Reduced total water use** 6% by focusing on all aspects of production thus enabling the facility to locate and repair leaks.
- **Reduced total solid waste** 14% by implementing a recycling program for cardboard, paper, aluminum, cans, plastic, and ink and toner cartridges.

Future Commitments

Madison Precision Products, Inc. is working to reduce total energy use, total materials use, total solid waste, and total water use. By 2004, the facility will:

- **Reduce total energy use** by 967,671 Kwh by using power-down procedures in the facility and by reducing the use of compressed air.
- **Reduce total materials used** 25% by educating employees about using the internet to communicate and to reduce printing.
- **Reduce total solid waste** 42% by increasing the types of materials to be recycled by the facility and also by looking at source prevention.
- **Reduce total water use** 6.5% per pound of aluminum melted by expanding cooling hoses and reducing hose leaks.
